MONEY AND STOCKS.

New York Financial Market. NEW YORK, May 14.-Money-On call easy at 1

Prime Mercantile Paper-4@5 per cent Poreign Exchange-Quiet at 486% for sixty days,

and 488% for short sight. The total sales of stocks to-day were 247,136 shares, including Delaware, Lackawanna and Western, 98,960; Lake Shore, 134,601; Northwestern, 28,000; Louisville and Nashville, 13,230; New York Central, 20,930; St. Paul, 27,000; Union Pacific, 120,500; Western Union, 5,500; Oregon and Transcontinental, 6,300.

Government bonds are unchanged in quotations except a decline of 1/2 in the 2s and the coupon 4s, and an advance of 1/2 in the coupon 41/2 per cents. There were sales of the coupon 4s at 12134

and the 3s at 103. State bonds are quiet and quotations generally firm, except a decline of 1 per cent, in the Alabamas, and an advance of 1 to 2 per cent. in the Mchigan issues and Virginia 6s ex-matured coupons. There was a sale of North Carolina consols at 87.

The feature of today's stock market has been the heavy trading in Lacra-wanna accompanied by a decided break in its price during the morning, followed later by a rally in which about one-half of its loss was recovered. The rest of the market was quiet, and while it sympathized to a certain degree with the movement in Lackarower range, and with the exception of the morning break, prices were steady to strong all day.

The course of Lackawanna this morning sed many persons to suspect that the break in prices was a bold stroke made by the bulls to increase short interests prior to another squeeze. I'nts view of the matter was in some meas are indirectly confirmed during the afternoon by the course of the price of the stock. During the last hour and a half, the whole list responded to the upward movement, and prices advanced slowly but steadily to the close of the board. The result of the day's operations shows a gain of a small fraction, generally 1/4 to 1/4 per cent. for most of active list, although Louisville and Nashville, in which there was unusual activity, is up 134. Oregon Ratiway 1, and Consolidated Gas, 2 at 97%, while Lackawanna, Delaware and Hudson, and Central of New Jersey are lower. The news received from the West during the day Chicago to settle the differences between the railroads leading west from that city, was unimportant, except that which confirmed the previous statement that an advistment of differences had been practically reached; the work of committees being now only one of detail. The total sales were 247,142 shares, of which Lackawanna alone contributed nearly 99,000, and Northwestern, St. Paul. New York Central, Lake Snore and Union Pac' 3c together furnished as many more, leaving less than 50,000 shares to be divided between the rest of the list. Lackawanna was weak at the opening, showing a decline of %: at 102 and after a slight rally, when it sold at 102%, when it broke rapidly to 99%. These were the two extreme to a fraction above par, and with the exception of one sale at 101, the fluctuations were confined between 100 and 100% until after 2 p. m. Between that and 3 p. m. there were pur chases of 4 % 0 shares under the rule for non-delivery. During that time the price repeatedly towched 101 under the rule, and did not go below 100%, and closed finally at 100%, a loss of 1% per cens. The other coal stocks were weak in sympathy with Lackawanca, but were quiet, and Delaware and Hudson shows a loss this evening of % per cent, and Central, of New Jersey, of % per cent. New Jersey Central was also quite weak in the morning, declining to 82%, but it rathed late in the day to 83%, and finally closed unchanged.

Lake Shore continued firm, with the exception o a few sales at a fraction above the magic figure 52 The railroad bond market continues active and prices are generally very well maintained. Tre break in the stock market this moraing had no perceptible effect upon the prices of the better class of bonds, although the largest trading of the day was in Erie seconds new. The husiness was unusually well distributed. Prices this evening are generally higher, as compared with the last

COMMERCIAL.

Not much of interest centers or clusters around the jobbing dry goods business, but on the contrary quiet prevails to an extent really uncomfortable. Dry goods circles are somewhat disturbed about the large auction sale in New York City, and conjectures are plentiful and varied, but the opinion that goods will not be slaughtered seems to predominate, and prices remain unchanged. Sugars have advanced \(\)c. and coffees are going off fairly. Cauned goods are selling rapidly. In foreign fruits there is a good demand, lemons having advanced 25c per box. Etrawberries are coming in freely and prices are lowered. Other vegetables are scarce and firm. Drugs are lower, especially quinine has fallen 10c. Salt fish ore dull and weak. There is a steady demand from city trade for eggs, and receipts being tighter the paying price has advanced. Little or no good country butter is coming in, but the market is overstocked with common and inferior grades. With light receipts and better market East higher prices are paid for poultry.

Wheat-Very little change is noticed of ther in prices or feeling; fair demand for cash deliveries. Receipts slight y better. Futures dull. New York 140 off; Baltimore steady, and Chicago 140

Corn-Centinues firm in local circles at quota tions. We note both a fair demand and off rings. Moderate receipts. Futures not wanted. New York he lower; Baltimore steady, with Chicago

Oats-Steady and unchanged for local inquiry. Light receipts.

The following table shows the receipts of grain at this point for the past twenty-tour hours;

MARKETS BY TECEGRAPH.

Produce Markets.

the middle of the session owing to the rumor of a unchanged. Molasses - Dull and unchanged. Rica renewal of trouble between England and Russia - Dull and unchanged. Cotton Seed Oil - Dail; and lower consols, but when this was denied the market sagged back rather heavily, and the closing for the day was dull and weak at about the lowest prices current during the session. There was a lack of shipping inquiry and the amount of passage showed a material increase, which was used as an argument by the bears for lower prices. Foreign advices quoted wheat steadler and cargoes quiet. The weather was reported fine over the entire wheat-growing district. The shipping demand for corn was reported light and there was more pressure to seil on the part of speculators. Prices here were reported to be above a shipping basis, and this, together with the decline in wheat, caused a weak feeling, and before the day closed prices had fallen off 1c as compared to yesterday Oats were dull, and the general tide was slow, but prices for near options showed no particular decline, as the shipping demand continues good and stocks are scarce Provisions ruled very quiet and somewhat easier. Flour-Quiet and unchanged. Wheat-A fair speculative business was transacted chiefly on local account. The market opened %@1/c lower, rallied %c on rumors of new foreign complicaated and c osed %c under yesterday. Sales ranged May. 887, 6897/sc, closed at 89c; June. 901/691c, closed at 101/sc; July, 921/6931/sc, closed at 921/sc; No. 2, spring, 881/689c; Po. 3 spring, 791/280c; No. 2 red, 57c; No. 3 red, 881/689c. Corn—A weak feeling was developed. Prices were reported above a shipping basis: prices declined 1/61/40 rallied 1/c. fell back and closed 1/c under yester-day; caso. 47@471/c: May, 47@471/c, closed at 47c; June, 47@47%c, closed at 47c; July, 47%348% closed at 47%c. Oats - Dull but steady, prices showing but little change; cash. \$41/@34%c; May, \$41/@31%c; June, \$41/@31%c; May, \$41/@31%c Rye-Firm; No 2.73c, Barley-Nominal. Flaxseed-Steady; No 1, \$1 28. English Markets.

The following special from Chicago, concerning the English markets, was received yesterday by J. A. McKee, of Indianapolis: "The English market is a sixpence lower and the bright warm weather caused a weakness at the opening in wheat. Outside orders were principally to buy and the temper of the local board generally was bullish, resulting in some advance from opening values. The decline in corn weakened wheat and local longs were stampeded, causing a break of a cent per bushel from the highest point reached to-day. Crop reports continue of the most unfavorable character, and shortage must prove a deciding factor in values eventually. Just before the close this afternoon dispatches were received reporting a rupture in Russia and a renewed unessiness and dissatisfaction in England, causing wheat to close firmer; July wheat, 92%c. Corn weak and lower."

The Price of Blood in Persia.

Persia Letter in the London Telegraph. In the center of Teheran is a large squere; it is called the Equare of the Gun. The buge piece of ordnance that gives its name to the place is very like one of the cannon which stood behind the Horse Guards. Clustered around it are a group of weary-looking men. They are muiderers; safe for the time being from the law-safe (generally) even from the avenger of blood; the place is sanctuary. Under the shadow or within touch of this gun the murderer-even the traiter-if safe. Let him once leave this refuge, if only for a few yards, and the oriminal will fall into hands of the law or the clutch of the avenger | Doors and Sash. of blood. For in Persia the murderer has not so much to fear the laws of his country as the vengeance, legal or otherwise, of his victim's relatives. Blood has a price, and that price must be paid or the criminal must be prepared to shed his own. The price is fixed at so much for a freed man, another price for a woman, another for a slave. Nominally, and according to the religious law, even the hairs of a man's head have a prica (in camels) if extracted by violence. So much for a tooth, so much for an eye, so much for each drop of blood; finally, so much Best Boiler Scale Purgative. for a life, And, if the guilty person can not pay this price, then his own life is at the mercy of the victim's relatives. Such is the law. Within the last twenty years we have known the case of a Mussulman who sant a regular account in this form to a Euro-

But it is a point of honor with the relatives of a murdered man not to take money, if possible, but to exact their right. Hence | tion D, New York.

arise "blood-faude." These are principally observed in the south of Persia There where every man is armed to the teeth. blood-feuds are common. "I must leave you here, sahib," exclaims your guide, quite as a matter of course, "I have a blood-feud with the next village, and my life is not safe beyoud this point."

Disease is no respector of persons nor of age. Little Katie Gill, of 817 West Twelfth street, Chicago, Ill., was stricken down with sciatic rheumatism. The pain was so intense and the contraction of the limbs so severe that twelve pounds of weight were attached to her ankle and worn night and day to counteract the shortening of the affected member. The parents of the unfortunate child were attracted by an advertisement of Athlophoros, and purchased a bottie. Two small doses were given to her, and the child slept that night without pain for the first time in eight months. The use of the medicine was continued with the most beneficent results, and Katie will soon be entirely well.

Save the manure. Poultry manure is a very valuable fertilizer and can readily be disposed of. It always pays to carefully gather it together.

* * * * A disease of so delicate a nature as stricture of the urethra should only be entrusted to those of large experience and skill. By our improved methods we have been enabled to speedily and permanently cure hundreds of the worst cases. Pamphiet, references and terms, three letter stamps. Druggist Washington D. C.

OLDENSTIMES

The formula by which Mishler's Herb Bitters is compounded is over two hundred years old, and of German origin. The entire range of proprietary medicines cannot produce a preparation that enjoys so high a reputation in the community where it is made as

It is the best remedy for Kidney and Liver Complaints, Dyspepsia, Cramp in the Stomach, Indigestion, Malaria, Periodical Complaints, etc. As a Blood Purifier, it has no equal. It tones the system, strengthening, invigorating and giving

The late Judge Hayes, of Lancaster Co., Pa., an able jurist and an honored citizen, once wrote:
"Mishler's Herb Bitters is very widely known, and has acquired a great reputation for mediand cinal and curative properties. I have used myself and in my family several bottles, and I am satis-fied that the reputation is not unmerited."
